## REV. J. B. HUDSON DELIVERS VERY FORCEFUL SERMON

Following one of the best sermons Dr. W. B. Minton has delivered in Barbourville, Sunday morning, Rev. J. B. Hudson, of Victoria, Texas, spoke to many of his boyhood friends in the evening his subject being "Proof of the Divinity of Jesus Christ." As evidence of the wide belief that Jesus is more than a mere man, the preacher quoted authorities other than Christian men, including many of the greatest philosophers and thinkers the world has produced. The line of argument he carried was that there exists no way of accounting for the wonderful life of Christ except from the standpoint of his divine origin. The sermon was closely reasoned, was forceful and logical and left a deep impression on the minds of those who were present.

Mr. Hudson will preach at Paris, Ky., next Sunday and after a short stay in Tennessee will return to his home in Victoria, Texas.

## THE DOWN TOWN SEWER

It is pleasant to be able to report that those interested in escaping from the intolerable position of useless toilets thru the action of the State Board of Health in ordering them closed up or suffering prosecution, have met and appointed a committee to find a way out of the situation. The only possible route to reach the Creek is thru the property of Judge B. B. Golden and it is understood the committee is to confer with him on the subject. We hope to be able to report the matter as settled in our next week's issue. Typhoid has claimed another victim this week and it is important that no possible source of infection shall be left open. Man is his brother's keeper whether he wills it or not.

## OSCAR GRAY IMPROVING

Oscar Gary, of Paynes Creek, who was hurt in a hand car wreck on the C. & M. recently, is still in bad way. He lost his teeth, cut his lower lip badly, got a cut over the eye and injured his lungs when he was thrown out and his breast struck a cross tie. He is still spitting blood but Dr. Jones hopes for his ultimate recovery.

## SOME WATERMELON CROP

John McWilliams, of Cannon, has done some splendid work growing water melons. On one-eighth of an acre of poor land he has grown some 1,500 pounds of melons. He has sold his melons for 75c to \$1.25 each.

## EARL HOWARD BACK HOME

Earl Howard, of Artemus, holding the rank of first class petty officer in Uncle Sam's Navy, is back after serving for two years and six months during which time he had his share of travel and danger. During the first part of the war he was on the scout cruiser, Denver, looking for any trouble that might arise around Cuba, subs or otherwise. He then engaged in transporting troops over the pond and when the torpedo boats appeared to take the transports in tow, the cruiser would return for more transport work. He spent three months in hospital due to a fractured arm, part of the time being at the Methodist Hospital, Brooklyn and part in the Orthopedic Hospital, New York.

Other time was spent on the Isabella carrying cargo, mostly food, for the troops in France. This work gave him time to see Rochefort, La-Harve, France, and Plymouth, England. He later took a cargo to Bordeaux on the West Galois and brought back a cargo of big guns to Norfolk, Va., his last ship being the Westner, bringing back medical supplies and a few troops which were landed in New York, where he got lots of walking due to the strike being in progress. After getting the ship ready for inspection, he was sent to Pittsburg and discharged. He is glad to be in old Kentucky, tho he enjoyed the Navy and liked the travel.

## THE TAILFUL WONDERS

Will Dishman has been to Colombia, South America, and if any citizen should doubt it, let him stroll round and look at the lawn of J. A. McDermott. Not that the lawn was brought from Colombia. Far from it, in fact, since it is good old Kentucky soil and covered with green Kentucky grass. Still and notwithstanding, go look at the lawn. Behold in the security of a cage, two specimens of fourfooted mammals, known as Platyrrhines or Cebidae. They are round headed with anterior members longer than the posterior, thumbs very undeveloped. However, while the legs are short, the prehensile tail enables them, when not in captivity, to swing from trees and behave like the monkeys they are. They are attracting considerable attention among old and young and cannot complain of short rations.

## KENTUCKY-CANADIAN VETERANS HOME

Sergeant T. F. McHargue, of the 38th Infantry, Canadian Army, and J. A. McHargue, of the Royal Canadian Battalion, are here visiting their cousins, the Jones family. At present they are the guests of Dr. Crit Jones, of Jarvis Store. Both are home folks, tho, as will be seen, they have strayed away from the home fold.

The McHargue boys were in Canada when the great war broke out and joined the Canadian army in Winnipeg, early in 1915. They were first assigned to the 212th, American Battalion, leaving for overseas from Halifax, N. S. shortly after wards. Landing in Liverpool, England, they were sent to Otterpool Camp, thence to Seaford Camp from which point they shipped to France. They were quickly at the front where they took part in the Battle of the Somme, Belgium and helped the Canadians to capture Vimy Ridge. At LaCollette, Sergeant McHargue was wounded in the hip and spent nine weeks in hospital. He bears thirty-six scars from bullet wounds. They fought at Hill 70 and Paschendale Ridge in Belgium and assisted in its capture. Back at Hill 70, they were sent to Booleygenade front. The took part in battles including Lens, Arras, where Sergeant McHargue received a bullet in the shoulder, Amiens, Bethel Woods and also helped to roll back the Germans when the British broke the Hindenburg line at the Somme.

They wear different medals among them the following: Military medal War medal, Allied medal, Wound stripes, a pair of crossed guns for marksmanship, the Maple Leaf, and Sergeant Hargue, one for gallantry at Amiens in 1918, and blue and green which are the regular battle colors.

Private J. A. McHargue went overseas with his brother in the same regiment, but was later transferred to the Royal Canadian Battalion and tho in approximately the same battles as his brother, came thru without a scratch.

The boys are the sons of Mrs. Lucy McHargue, of Corbin, who may well be proud of their gallant record.

## BREAKS RECORD

Last Friday morning there were trees standing in the woods about five miles from town in all their majestic greatness. That evening when the sun was going down under the hills part of these trees were in the tobacco barn which is being built by David Street. The trees were cut down, hauled to the mill and sawed, brought to town and placed in a barn where they will stay for perhaps years to come. That is what we call rushing the works. —Crab Orchard Sun.

## DEMISE

Pearl Price, daughter of Mr. and Mrs. Zollie Price, died Sunday night of typhoid fever. Deceased was fifteen years of age and was born in Bell County. The remains were taken to Pineville Monday for interment.

## LAWSON TRIAL IS ON

The trial of D. B. Lawson for the murder of Thomas E. Williams was begun Wednesday morning. Sheriff R. P. Black having remained up all night Tuesday arranging for the jury, there being some seventy-five called for possible duty. It is expected that the case will last all the week. The trial of Green Clay Lawson, who with Isom, is charged with the offence, will be held later on. Isom Lawson, it will be remembered, was sentenced to life in the penitentiary for his share in the murder.

## JOHN STEELE SENTENCED

Gets Twenty-one Years for the Murder of Mat Asher.

The trial of John Steele for the murder of Mat Asher on Richland came to a close on Tuesday, when the jury brought in a verdict of guilty and assessed the penalty at twenty-one years in the penitentiary. The prisoner is now sixty-three years of age.

Attorney S. H. Kash, who summed up for Steele, endeavored to prove that Asher was the aggressor and asked the jury to imagine how impossible it was for a man of Steele's disposition to go looking for trouble and to commit murder. Attorney Raleigh Jarvis was associated with Mr. Kash in the defense.

Messrs. J. B. Snyder, Commonwealth Attorney, and S. A. Smith conducted the prosecution and Mr. Snyder pointed out that the wound from the rifle carried by Asher must have been made while Steele was at a distance and on higher ground, since the bullet which entered near the kidneys at the back came out considerably higher up at the chest. His argument was that Steele in passing Asher, fired on him at such close range that the powder from the pistol scorched the dead man's clothes and that Asher, tho mortally wounded and on the ground, found strength to fire the shot which wounded Steele who had started away after firing his pistol.

The jury was out only a few minutes before they were ready with the verdict.

## TYPHOID IN MIDDLESBORO

It is reported that Middlesboro is experiencing a typhoid epidemic. There are a number of cases in the city, and every effort is being made to locate the source of the epidemic. The L. & N. has ceased using the city water supply for drinking purposes on its trains. —Pineville Sun.

## FUNERAL PARTY FINDS SISTER OF CORPSE DEAD

Mrs. Lottie Silvers, daughter of Fred Asher, died at her home at Kildav Sunday, survived by her husband and a seven months old infant, previous to her death a message had been sent her sister, Mrs. Chas. H. Kirk, at Ironton, Ohio, telling of the illness of Mrs. Silvers. The Kirks started to Kildav and reached Corbin when they learned of Mrs. Silvers' death. Mr. and Mrs. Kirk returned to London to await the funeral Monday. When Mr. Kirk awoke Monday morning his wife was dead, with her head lying on his arm. Both sisters were buried in the same grave.

R. T. Kirk, of this city, is a brother of Chas. H. Kirk, and he and his family attended the double funeral at London. —Pineville Citizen.

## MIDDLESBORO BREWERY SOLD

Tennessee capitalists have purchased the plant of the New South Brewery & Ice Co., in Middlesboro, and will convert it into a wood-working and ice plant. —Pineville Sun.

## THE COUNTY FAIR

Knox County Fair begins next week and we trust our people will give it their support. It is impossible to estimate the good done by a live fair from the spirit of emulation which is engendered among the farmers, their wives and the young people, each of whom is anxious to secure the coveted honor of first prize.

A fair means better corn, better field and orchard products, besides a superior class of stock.

It is a "get-together" where each one of us may learn more of what the County owns in the way of natural resources and should stimulate us to help develop these resources. Go to the Fair.

## OLD HICKORY WINS

The Old Hickories met Wilton on Saturday at the Far Grounds and won the game by a score of 7 to 6. The Wilton team was short several men and some of the home boys helped them out including Cager Tye and Reedy Miller.

The Old Hickories kept the lead until the end of the eighth innings when, due chiefly to Tye's splendid pitching, Wilton nosed in neck to neck. However, in the ninth the Hickories added another run and it was all over.

Voder McDonald pitched a consistently good game thruout. Hobart Clause, as outfielder, W. B. Edwards, as short-stop, Steve Golden, at first base did good work. Voder McDonald knocked the only home run. Ely acquired a sore cheekbone as the result of a collision with the ball. Reedy Miller did some good catching for Wilton in spite of a nasty tear between the fingers.

## A HAPPY REUNION

A reunion of the Brittain family  
took place at the old Brittain farm  
last Sunday. Those who were pre-  
sent were Mr. and Mrs. P. D. Brit-  
tain, Mr. and Mrs. J. R. Tuggle, and  
son Allen, Mr. and Mrs. J. L. Hem-  
phill and family, of Medill, Okla., Mr.  
and Mrs. J. B. Stivers, of Corbin,  
B. C. Brittain and family and W. A.  
Brittain. These are all the living  
members of the family, one daugh-  
ter, mother of Mrs. J. G. Tye, hav-  
ing died some years ago.

The family enjoyed the meal  
around the table and talked over old  
times when as children they scam-  
pered up and down the hillsides, saw  
evidence of the habitation of fairies  
and giants in the secluded woods, or,  
later on, when the vision of child-  
hood had grown clearer, they told  
their hopes and aspirations of what  
they meant to be and do in the big  
world outside. And now, as they  
look back, they know that the best  
part of life lies in the home circle  
and the mystery of love is great-  
er than even those childish dreams  
which proved so fascinating, when  
"every goose is a swan and every  
lass a queen."

## To Improve Your Digestion

"For years my digestion was so  
poor that I could only eat the light-  
est foods. I tried everything that I  
heard of to get relief, but not until  
about a year ago when I saw Cham-  
berlain's Tablets advertised and got  
a bottle of them did I find the right  
treatment. Since taking them my  
digestion is fine." —Mrs. Blanche  
Bowers, Indiana, Pa.

ware salesman, of Irvine, Ky., was

## AUTO RACES SCHEDULED TO OFFER "RED BLOODED" SPORT AT COMING FAIR

American sports are usually of a  
vigorous, "red blooded" variety, and  
nothing appeals to the sons and daugh-  
ters of "Uncle Sam" like a contest  
which calls for daring, skill and speed,  
and in no game will be found a more  
perfect embodiment of these assets  
than in automobile racing of a type  
to be featured at the State Fair which  
will be held in Louisville the week of  
September 8-13.

During the two final days of the  
State Fair, racing events will be staged  
on the fine oval of the race track in  
front of the grand stand and many  
of the best-known stars of American  
and foreign tracks will go after estab-  
lished records with a savagery which  
is certain to result in surprising  
changes in the sport-ledgers. During  
the 1918 campaign many established  
records were wiped out by Sig Rug-  
dahl, Fred Horey, Jules Ellingboe,  
Leon Duray, Ray Lampkin and others  
and it is expected that the contests  
this year will develop new points and  
bring the automobile features into  
spectacular promise as one of the most  
delightful, stirring and sensational of-  
ferings of the entire celebration.

Hughdahl, who was a sensation last  
year with his famous Flat Six, has  
practically rebuilt his car and it is said  
to be a genuine whirlwind now. As an  
example of its going quality it may be  
said that on last Labor Day at Lin-  
coln, Neb., Hughdahl traveled a mile  
in 1.01.60 and two miles in 2.02.60, the  
old records being beaten several sec-  
onds in each instance. Horey has a  
new mount about which he is said to  
be secretive and in which he promises  
to confound his rivals.

Ellingboe remains faithful to his  
famous "Wild-cat" and will tool this  
wonder at the Fair. Duray has jump-  
ed to the Case racing outfit in place of  
George Clark, and Lambkin, who has  
sold his "Sun-Ray," will blossom out  
with an American instead of a foreign  
product.

## REDUCED RATES ON ALL RAILROADS

The State Fair management is  
pleased to announce that a special rail-  
road excursion rate has been secured  
from the Southern Passenger Traffic  
Committee and that from all points in  
Kentucky, and from Cincinnati, O.,  
and Jellico, Tenn., one and one-half  
fare will be charged for the round trip  
where the fare amounts to 25 cents or  
over. Tickets will be sold from Sep-  
tember 6 to 12, inclusive, and for  
trains which are scheduled to arrive in  
Louisville before noon of September 13,  
with a final limit of September 15.  
The colossal total of \$110,000.00 is  
listed by the various premiums quoted  
in the 1919 Kentucky State Fair cat-  
alogs which are now off the press and  
under process of distribution in Ken-  
tucky and throughout various sections  
of the country. Keen interest will un-  
doubtedly be aroused among the farm-  
ers and stock breeders of the Com-  
monwealth by the splendid awards of-  
fered and the result is certain to be  
one of the most brilliant and success-  
ful fairs ever held in this country.

## SCIENTIFIC SCORING FOR "BABY" AT FAIR

Mothers of all kinds and classes  
would rise up in wrath should any one  
assert that pigs or pups were of more  
importance than her own precious off-  
spring, but until recent years that was  
exactly the attitude taken by the par-  
enthood of the country.

Great care and scientific study was  
devoted to the upbringing, develop-  
ment and breeding of stock because it  
was commercially productive, but baby  
was allowed to imitate Topsy and "jes  
grow." In consequence many a little  
body developed wrongly, ill and evils  
hidden from the unskilled eye waxed  
and grew apace and many a man or  
woman faced life heavily handicapped  
by their parents' lack of vision.

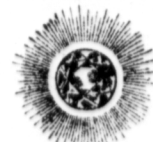

With the crusade inaugurated by  
Mrs. Frank De Garmo, in 1908 at the  
Mothers' Health Congress of the

—Photo by Cusick Studio, Louisville.

Louisiana State Fair began, however,  
a most important movement to give  
to the human infant the same scientific  
study that had been for years accorded  
to the animals and over the country  
swept the splendid movement which  
inaugurated Babies' Health Contests  
and Congresses at State and County  
Fairs and Expositions. Kentucky  
adopted the innovation in 1913 and in-  
stituted the first Babies' Health Con-  
test that year at the Kentucky State  
Fair. The idea met with the instant  
approval of rural and city mothers and  
the contest was one of the most vital  
and interesting features of the entire  
exhibition. It has grown in interest  
from season to season and will again  
be one of the big features of the Fair  
in September 8-13. For information  
as to entry blanks, classes and exam-  
inations write for catalog to State  
Fair Secretary Fount T. Kremer, Suite  
604 Republic building, Louisville.

## BARBOURVILLE BAPTIST INSTITUTE

Opens Tuesday, September 2nd at  
9:30 a. m.

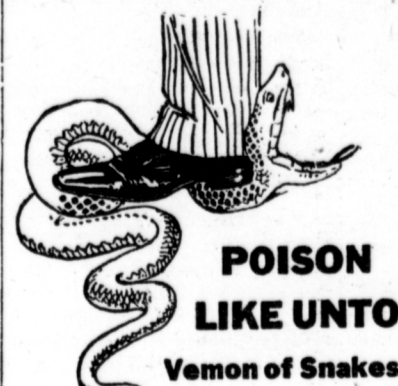

The Institute is looking forward  
to a most successful year. All the  
teachers are lined up for their re-  
spective departments. It is expect-  
ed that a great work will be done  
this year in the Institute. The con-  
tract for the completion of the Boys'  
Hall is being considered and it is  
expected the work will begin in a  
few days. An increased attendance  
is expected at the very beginning  
and the Institute is prepared to take  
care of all. It is the mission of the  
school to get results in character  
building and advancing the child.

Mrs. Hughes will have charge of  
the Primary Department again this  
year and will have an assistant to  
help her. Great things can be ac-  
complished with little folks as was  
shown last year.

The High School Department is  
expected to be increased as many  
new ones are planning to come in  
September. For this reason, an Ex-  
pression teacher has been secured  
who will teach some High School  
work.

Every patron is invited to be pre-  
sent at the opening, Tuesday morn-  
ing, at 9:30 and bring someone else.  
Some of those interested in the  
School will be present and talk on  
subjects pertaining to the great con-  
struction work which will be done  
next year.

Come one, come all! Welcome  
at B. B. I.

cause for an attack of gout, rheumatism,  
lumbago, is supplied by the increase of  
uric acid in the blood serum, the result  
of various causes, the most frequent of  
which is renal. Before an attack, one  
suffers sometimes from headache, neural-  
gia, twinges of pain here and there."

When your kidneys feel like lumps of  
lead, when the back hurts or the urine  
is cloudy, full of sediment, or you are  
obliged to seek relief two or three times  
during the night; when you suffer with  
sick headache, or dizzy, nervous spells,  
acid stomach; or you have rheumatic  
pains or lumbago, gout, sciatica when  
the weather is bad, do not neglect the  
warning, but try simple means. Take  
six or eight glasses of water during the  
day, then obtain at your nearest drug  
store "An-uric" (anti-uric acid).

This is the discovery of Dr. Pierce of  
the Invalids' Hotel, Buffalo, N. Y. "An-  
uric" is an antidote for this uric acid  
poisoning and dissolves uric acid in the  
body much as hot coffee dissolves sugar.  
"Anuric" will penetrate into the joints  
and muscles, and dissolve the poisonous  
accumulations. It will stamp out toxins.  
Send 10 cents to Dr. Pierce's Invalids'  
Hotel, Buffalo, N. Y., for trial package.

## TEACHERS SALARIES

One of the crying shames of our  
modern civilization is the fact that  
a hod carrier, who may or may not  
be able to spell or multiply is in a  
position to demand a much larger  
wage than does the average Ken-  
tucky school teacher. It is on a par  
with the fact that we have paid  
more attention to the condition of  
our flocks and herds than to the  
mental, physical and spiritual well-  
being of our children.

If anyone can point out a more  
important factor than the teacher,  
apart from the mother, we should  
like to be shown. To them is con-  
signed the mental, physical and spir-  
itual welfare of the children and  
what they receive in dollars and  
cents by which mankind clothes and  
feeds itself would make the hod-  
carrier utter language utterly unfit  
for the uninitiated to hear.

Let us do our teachers justice if  
possible and repay the heavy debt  
we owe them thru the children by  
paying salaries commensurate with  
the importance of the work they do.

## The Best Plaster

A piece of flannel dampened with  
Chamberlain's Liniment and bound  
on over the seat of pain is often  
more effectual for a lame back than  
a plaster and does not cost anything  
like as much.

## NOTICE

Notice is hereby given that the  
undersigned Street Committee of the  
City of Barbourville, Kentucky, will  
on Monday, September 1st, 1919, at  
4 o'clock in the afternoon, meet on

## Why People Buy Rat-Snap in Preference to Rat Poison.

1. RAT-SNAP absolutely kills rats  
and mice. 2. What it doesn't kill it  
scars away. 3. Rats killed with  
RAT-SNAP leave no smell, they  
dry up inside. 4. Made in cakes, no  
mixing with other food. 5. Cats or  
dogs won't touch it. Three sizes, 25c,  
50c, \$1.00. Sold and guaranteed by  
Wilson Bros. & Costello Drug Co.

## NOT DUE TO SEX ALONE

Barbourville Women Have Learned  
The Cause of Many Mysterious  
Pains and Aches.

Many women have come to know  
that sex isn't the reason for all back  
aches, dizzy headaches and urinary  
disorders. Men have these troubles  
too, and often they come from kid-  
ney weakness. To live simply, eat  
sparingly, take better care of one's  
self and to use Doan's Kidney Pills,  
is bound to help bad kidneys get bet-  
ter. There is no other remedy so  
well recommended by Barbourville  
people. Read this case:

Mrs. J. T. Beddow, N. Main St.,  
says:—"I can recommend Doan's  
Kidney Pills from experience. My  
kidneys were weak and I suffered  
from nervous, dizzy headaches. I  
was run down and languid and the  
least work tired me out. The action  
of my kidneys was irregular, too.  
I bought Doan's Kidney Pills from  
the Costello Drug Co. and used  
them as directed. They helped me  
in every way, strengthening my kid-  
neys and relieving the dizzy spells  
and headaches."

Price 60c at all dealers. Don't  
simply ask for a kidney remedy—  
get Doan's Kidney Pills — the same  
that Mrs. Beddow had. Foster-Mil-

## Mr. Vaughn, Farmer, Tells How He Lost All His Prize Seed Corn.

"Sometime ago I sent away for  
some pedigreed seed corn, put it in  
a gunny sack and hung it on a rope  
suspended from the roof. Rats got  
it all — how beats me, but they did  
because I got 5 dead whoppers in the  
morning after trying RAT-SNAP." Three  
sizes, 25, 50, \$1.00. Sold and  
guaranteed by Wilson Bros. & Cos-  
tello Drug Co.

## Cure For Dysentery.

"While I was in Ashland, Kansas,  
a gentleman overheard me speaking  
of Chamberlain's Colic and Diar-  
rhea Remedy," writes William  
Whitelaw, of Des Moines, Iowa.  
"He told me in detail of what it had  
done for his family, but more es-  
pecially his daughter who was lying  
at the point of death with a violent  
attack of dysentery, and had been  
given up by the family physician.  
Some of his neighbors advised him  
to give Chamberlain's Colic and  
Diarrhoea Remedy, which he did and  
fully believes that by doing so he  
saved the life of his child. He stated  
that he had also used this rem-  
edy himself with equally gratifying  
results."

### The Needs of "The Inner Man" and "The Inner Woman"

It's hard to minister to a MIND diseased, but an easy matter to minister to a diseased BODY; to supply the remedial needs of "the inner man"—and the inner WOMAN.

Most everybody is, more or less, constipated and frequently bilious. Neglect of these conditions is dangerous—foolish and useless.

The "inner works" of the human body are so complicated that they easily get out of order; and when anything's the matter with any of THEM, there's going to be trouble with the whole physical machinery of life.

DR. THACHER'S LIVER AND BLOOD SYRUP is a standard remedy for the internal ills that bring about the ailments common to men, women and children. It is gently but effectively LAXATIVE, or vigorously and thoroughly CATHARTIC, according to the dose prescribed.

It purifies and tones up the BLOOD, making it run red, rich and riotous in health-giving current through the system.

It helps to induce natural action of the KIDNEYS—the drainage system of the body which must be kept open and clean to perform its proper function.

DR. THACHER'S LIVER AND BLOOD SYRUP is the prescription of an old family doctor, used with his thousands of patients in a lifetime practice. It is a purely VEG-ETABLE preparation compounded in the laboratories of the THACHER MEDICINE CO., Chattanooga, Tenn., sole proprietors. It is sold by druggists everywhere.

Hamp Golden, son of Mr. and Mrs. James Golden, has returned from service in the navy. He spent the last seventeen months in the Panama Zone.

Labor will celebrate Labor Day on Monday, September 1st, under the auspices of Local Union 3998, U. M. W. A. There will be a band concert and able speakers. Members of the Local thru Knox County will participate in the march.

The little daughter of Mr. and Mrs. Walter Riley was so badly bitten Saturday by the family dog that three stitches were necessary. The dog was eating and the child tried to play with it with the consequences stated.

Sheriff R. P. Black made a trip to Frankfort Sunday with Joe Engle, sentenced to one year in the penitentiary for grand larceny. Monday he took John Jones, colored, who drew the same sentence, larceny being the charge.

Don't overlook the fact that the Nicholson property on Pine St. is for sale. This is a fine property which will increase in value. \$5,500.00 only, half down, balance in six and twelve months. See Fred Burman, Mountain Advocate Office, Barbourville.

In honor of her sister, Mrs. Hiram Owens, of Barbourville, Miss Gertrude Black was hostess at a theatre party having as her guests Governor and Mrs. James D. Black, Mrs. Owens, Colonel and Mrs. George Weitzel, Mrs. Wm. Cromwell and Miss Anna Lou Deeds. —Louisville Herald.

The Mountain Advocate recently put into pamphlet form the proceedings at the Tent Meeting and two thousand of these were distributed to the homes of the farmers thru the courtesy of the country school teachers. Thus, the speeches made will reach many farmers who were unable to attend the meetings.

Samuel Michaelson, of Baltimore, Md., nephew of Mrs. Sam Cawn, is here to work in the New York Store following some years with Strauss Dry Goods Company, wholesalers of Baltimore. Mr. Michaelson is the possessor of numerous medals, won in athletic competition and was formerly Athletic and Playground Director for the Public Athletic League of Baltimore.

Mrs. Louis W. Benninghoff, of Mineral Wells, Texas, daughter of Mr. and Mrs. W. M. Baker, is here on a visit to her parents. It was a pleasure to Mr. and Mrs. Fred Burman to meet Mrs. Benninghoff, both on account of her charming personality and also they lived in Mineral Wells for eight years. Mrs. Benninghoff says there is great activity in oil all thru that section, and that the immense oil rigs have cut up the roads badly.

### RED CROSS NOTES

Thirty thousand men and women are giving whole or part time to Red Cross Home Service in 3,600 sections and 11,200 branches thruout the country.

Red Cross classes for instruction in Home Hygiene are expected to attract larger enrollments this fall than ever before according to information given out by Lake Division headquarters.

In appreciation of prompt assistance rendered earthquake victims by the American Red Cross, people of a stricken town in the Mugelle Valley, Italy, have re-christened the place "America."

Thirty minutes after Kentucky Red Cross Headquarters was informed by Marion, Kentucky, officials that tents were needed to house victims of a fire which raged there a short time ago, supplies were enroute to the trouble zone.

Of 240 returned service men in Ohio, Indiana, and Kentucky who are receiving vocational training, 85 chose business courses; 55 mechanics; 22 elementary studies; 19 agriculture; 17 college subjects; 15 telegraphy; 14 mechanical drawing; 7 printing and 6 electrical engineering. The Federal Board of Vocational Education is getting in touch with returning soldiers thru the American Red Cross.

In war time the American Red Cross was concerned with military and civilian relief only insofar as it concerned the families of soldiers and sailors. In peace time the Red Cross is to "mother" civilian communities as well. Nothing so safeguards the welfare of a community as to have a group of people trained to meet emergencies, trained to think clearly and calmly when accidents happen. This training the Red Cross First Aid course gives whenever it is adopted.

Messrs. Lang and Shea, of Cincinnati, photographers, together with J. C. Lay, are in town delivering the photos they took sometime ago. They will return in about a month to complete their contracts to take more pictures.

J. C. Lay and family and mother, Mrs. Golden, of Poplar Creek, J. J. Price and wife and J. Felix Davis and wife, of Corbin, went by auto to the National Photographers Association at Cedar Point, Ohio, spending a week there, greatly enjoying the bathing. They also spent a week at other places on their return trip.

F. H. Moon, of Newcomb, Tenn., was here over Saturday meeting his numerous friends, rooting for the Old Hickorys and attending to some business in connection with his property. He reports business good and that his family is well. Mr. Moon is manufacturing hickory dimension stock.

### A Bilious Attack.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and terrible headache. Take three of Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter.

## Concert With 300 Singers and 71st Regiment N. Y. G. Band, Sunday Before the Fair Opens

Sunday before the official opening of the seventeenth annual Kentucky State Fair scheduled to be held in Louisville the week of September 8-13, the State Fair grounds will be the scene of one of the most picturesque, enjoyable and unusual entertainments of fair history, in the grand sacred concert to be thrillingly rendered by a massed chorus of three hundred or more voices, accompanied by the famous 71st Regiment New York Guards Band.

The 71st is an organization which "made musical history" during the war and figured in much of the important war work of the metropolis. The band is also in constant demand for victrola and piano-player record work and rates as second to none in this line.

The organization is made up of forty well-trained, strikingly-uniformed play-

ers, led by the dashing, attractive, gifted leader, Lieut. Lambert L. Eben. The repertoire to be offered by this band will include some of the most pretensions and beautiful compositions of the musical world and singers with the 71st, as well as of the Louisville Jubilate Choral Association furnishing the three hundred voices for the chorus, will figure spectacularly in the solo numbers.

The view of the fair itself, ready for the gates to swing wide on the first celebration in four years unshadowed by the clouds of war, promises a panorama of striking beauty and impressiveness. As far as the eye can reach will be spread out the bounties Nature has lavished on a fortunate land and the celebration should, and doubtless will, hold for many a far deeper significance, and arouse a greater depth of genuine thanksgiving, than any exhibition has heretofore offered in State Fair history.

## MYRIAD MIDWAY WONDERS AT COMING STATE FAIR

After a year's efforts in Life's vigorous school the Midway of the Kentucky State Fair offers old and young alike a "recess" which is as enjoyable as it is ephemeral. And after the especially trying and saddening times of the war a playtime and a playground is especially appealing.

In order to mark the momentous and joyous occasion of this first reunion in four years unshadowed by the clouds of war, the State Fair management has secured an attractive array of features in the World at Home Shows, which are descriptively named, as it is claimed that the eighteen or twenty attractions gathered under the banners of the World at Home were gleaned from many parts of the globe and bring to the Fair visitors the wonders and amusements of foreign lands.

One feature which the crowds will find vividly alluring and spectacularly beautiful is the exhibition called "The La Rose Electric Fountain," said to be one of the newest and most thrilling effects ever carried with a carnival

company. There are said to be 15,000 gallons of water hurled into mid-air by this fountain at every performance, the thunderous waves falling over statuesque groupings of Venus-like living models while aurora-like flames color the falls and graceful nymphs dance in the spray.

Another attraction of aqueous type is the sensational performance of the world's champion lady fancy and trick diver, Lucile Anderson, and her company of mermaids. Miss Anderson is known as the "Amphibian Wonder" and her under-water feats and endurance tests are said to be unbelievable.

An exceptional feature is heralded in the show called "Chinatown." Unlike the average flimsy pretense at Orientalism, this offering is said to faithfully duplicate the dark, mysterious underground world which was once San Francisco's Chinatown before the great earthquake wiped this cesspool of sin from the earth.

Good, rousing excitement will be offered in the Polack Brothers Big Indoor Circus, with its rough-riding, animal acts and gun-play, as well as in the Hager motorcycle and automobile racing features which will be

## MULE ARISTOCRATS ENTERED

A mule stake carrying premium awards of \$1,000 was introduced at the Kentucky State Fair in 1918. This was a sum hitherto unprecedented in a like event and the announcement aroused keen interest among breeders and owners.

At the Fair to be held in Louisville the week of September 8-13, of this year, this same money will be offered and in consequence the entry lists will carry some of the best stock in the country.

Of the assured entries it is said that one of the greatest jack colts ever foaled will come from Montgomery county, and a yearling and jack like-wise said to be wonders. Clark county will be represented by a jennet between six and twelve months old whose ears measure 32 inches in length and who is in other respects a wonder. Nelson, Washington and Shelby are boasting of the stock they will send and Boyle county which has carried away the ribbons for a number of years, expects to repeat the performance. Altogether the mule and jack class bids fair to be one of the liveliest stock features of the seventeenth annual celebration.

## WAR BALLOON EXHIBITION PROMISES THRILLS AT FAIR

The Kentucky State Fair management is unable to state definitely as yet that an exhibition of balloon flights and parachute drops will be an unprecedented attraction at the Kentucky State Fair the week of September 8-13, but there is every indication that the Government will sanction the showing which will be one of the most interesting the Fair has ever presented.

It is the plan and plea of the State Fair management that the 31st U. S. Balloon Company be stationed on the grounds during the Fair and if this request is granted the entire company will figure in balloon ascensions, parachute drops and balloon flights which will give sensational illustration of war-time maneuvers in the air.

Among the "sky vessels" will be the great "Sausage Balloons" used in observation work during the war, and the dirigible balloon will also be an attraction of unusual interest by reason of the fact that there are few pilots in civilian life who can manage them and they are therefore seldom on exhibition. Public attention will center on this balloon it is said, by reason of their enormous size and their adaptability to maneuvering, bombing, etc.

But the attention and interest of the crowds will undoubtedly center on the mammoth captive balloons in which passengers may daily soar cloudward and thereby gather some idea in advance of the method of travel predicted as a common carrier in the near future.

## COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.— Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and extend up into my left shoulder and on down into my back. By that time the pain would be so severe I would have to take to bed, and suffered usually about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house work go. I suffered awful with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me.

One day a Birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today.

## THE EXPLANATION

Nature placed the growth-promoting "vitamins" in the oil of the cod-fish—this explains why Scott's Emulsion is so definite in its help to a child of any age. Latter-day science reveals that the "vitamins" are needful for normal growth. Scott's Emulsion will help any child grow.

## THE SEWER QUESTION

### Other Areas Under Condemnation

Besides the sewer area mentioned in last week's Advocate, Dr. G. H. Albright states that a cesspool on College Street which drains on a vacant lot is causing complaint on account of the stench. Another cesspool empties near the Public School between Pine and School Streets.

Near the depot are a number of cesspools emptying on to lots.

There is now a case of typhoid back of the Baptist Institute, two cases near the depot, ten cases at Highland Park with one death.

Dr. Albright states that there may be some connection between the typhoid and the surrounding cesspools, as flies may have carried the disease. The State Board of Health will require these cesspools to be connected with sewers and it will be well to do so before the representative of the State Board of Health arrives. When he does, action will be swift and certain. Excuses will not be accepted.

## APPRECIATION

Seldom has such a pleasurable yet difficult duty befallen me as that of voicing the abounding esteem which prevails in the heart of all my people owing to the valuable and very cordial way in which you came to our aid with your powerful influence during our recent Home Service Fund Campaign. It is almost needless to say that I personally share their gratitude in the fullest sense.

On behalf of the organization I assure you we shall do all that is possible to strengthen the confidence which you have so generously shown.

Evangeline Booth, Commander.
